

# TRAILERBOX™

## MOBILE SPACES THAT MOVE YOUR BRAND

### Elevate your business, activation, or event experience.

TrailerBox™ transforms how you connect with customers by delivering flexible, turnkey mobile environments without the heavy logistics. With our integrated **hydraulic lowering system**, you can create walk-up serving windows that meet your audience at eye level. Or, choose a stage door design that invites guests inside your custom-built space. No cranes. No forklifts. No semis. Just **hook up and go** saving time, money, and effort.

### Why TrailerBox™

- **Hook Up & Go Functionality**  
Ready for the road, no special equipment required
- **Custom-Built to Your Specs**  
Tailored layouts, finishes, and features
- **Functional Design**  
Ideal for brand activations, retail pop-ups, food service, or mobile experiences
- **Lightweight & Durable**  
Easier to transport than standard shipping containers
- **Fast Deployment, High Impact**  
Perfect for tight timelines, multi-city tours, and rapid brand launches
